

HOW TO PURCHASE AN ANNUAL USAC LICENSE

Start here: <https://www.usacycling.org/>

- Create an account. (Record your username and password)
- Choose race license (\$40 for juniors), this is not the same as membership
- Choose domestic license and basic membership (they put the basic membership below the upgraded membership options)
- You'll have to accept the categories they select for you in each discipline - the lowest in each for new licenses. After purchasing a license, you may wish to request a category upgrade in MTB.
- Attach an affiliation, search for your club and attach to your membership
- Choose your primary discipline and then secondary disciplines (This has no effect on your license, it is just for data gathering.)
- Enter emergency contact information
- Purchase the additional BRAC add on license (\$15) optional. (Bicycle Racing Association of Colorado) (Required for road, track, cyclocross racing in Colorado. There is no local association for MTB.)
- Choose not to get a paper license
- Electronically sign all waivers
- Check out
- After purchasing a license, you may wish to request a category upgrade: To do this: go into your account, select licenses, go to menu, scroll down and select upgrade. There is no strict criteria for MTB category upgrades, just list a couple of your best results.
